The [Switzerland Tourism](#) (ST) marketing organisation has a long history. It has been promoting Switzerland as a travel and conference destination at home and abroad for the last 100 years, by federal mandate. ST positions Switzerland as a tourism brand which stands for quality, naturalness, sustainability and modernity, under the overall concept of "Swissness". To do so, ST develops marketing initiatives which it implements creatively with its partners through a full range of promotional and sales techniques. ST is a public corporation. Its board comprises 13 representatives from tourism, business and industry associations. ST's president is Jean-François ROTH, while Jürg SCHMID is responsible for operational management.

ST is currently present in Greater China with a team of 13 employees, distributed over four offices in Beijing, Shanghai, Hong Kong and Taipei.
